KINDERGARTEN CYCLING DAY

On **Friday, 26 May** we are going to have a cycling day. We are going to go to the Forca playground after breakfast at 09:00. When you bring your child to school, please leave their bicycle/scooter at the entrance from Rodičeva street.

There is going to be an obstacle course prepared for the students to practice their cycling skills.

In case of bad weather the sports day will be postponed until the next suitable day.

Mr Simon Zoretič Gajser

1 M SCIENCE DAY - WATER

On **Wednesday, 31 May**, the 1M students will have an in-school Science Day. The pupils will focus on their current Unit - water, the water cycle and different water bodies in nature. We will meet in the classroom at 08:20 and finish by 12:05. Snack, lunch and afternoon programme will take place in school as usual.

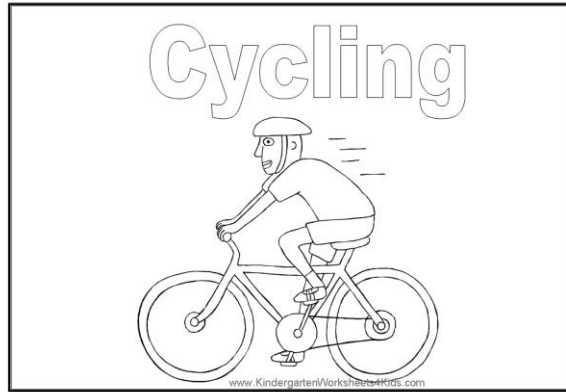

Ms Klavdija Čuk

4 M SPORTS DAY – CYCLING

On **Tuesday, May 30**, the students of 4M will have a sports day on the topic of cycling and road safety. We will start with the activities at 08:20 and finish at 12:05. The students will be able to practice their cycling skills on an obstacle course and gain knowledge on road safety. The pupils should bring their own bicycles and helmets (bicycles should be equipped with rear and front lights, and side and rear reflectors). The school also has a few bicycles available for students who choose not to bring their own.

The pupils should wear light sport clothes with appropriate footwear. A water bottle and sun cream is recommended.

Snack, lunch and the afternoon programme will take place as usual.

MYP SCIENCE DAY

On **Monday, 29 May 8:20 -13:00** students of myp will be visited by the presentors of 'the Forest institute of Slovenia', with intention to have a full day discussing problematics of Eco system in Slovenia.

This day will be devoted to spread the awerness of fires in the wilderness, especially, the fire which happened in Kras 2022. The main topic will be centrized to discuss the power of citizens towards helping nature to recover of the climate change impacts.

Students will create 'seed balls', made of natural materials from Kras. These balls will be planted by the Institute presentors in Autum at the most damaged areas of Kras.

The day will start at 8.20h, after a debate, students will have snack in school, a workshop and a reflection lesson.

Students will have lunch in school and complete the day at 13h/1pm.

Ma Anja Podreka and Ms Katarina Čepič

5 M 5–DAY TRIP TO KAVKA

5M students will go on a 5-day field trip to Kobarid **from Monday 22 to Friday 26 May 2023**. In addition, they will be working on the PYP Exhibition, and some sports activities will be organised as well.

Ms Tina Fürst

PYP EXHIBITION PRESENTATION

On **Friday, 9 June**, from 08:30 to 12:05, 5M students will present their PYP Exhibition work to parents, family members, and members of the school community. Please encourage your children and other students by providing positive feedback. Parents are requested to turn off their mobile phones during the presentations since other students will be presenting their research in the hallway at the same time.

Parents of 5M students are invited to attend the presentation at 08:30 and the rest of the audience is welcome from 10:30 to 12:05.

The afternoon programme will take place as usual.

5 M students and Ms Tina Fürst

MYP 3 DRAMA PERFORMANCES – 23rd AND 25th MAY

The students of grades 8I and 8M dove into the history of silent theatre and silent cinema.

They have prepared short plays paying homage to the greats of black and white silent films from the late 19th and first half of the 20th century.

Parents, sibling, friends, schoolmates and teachers are warmly welcome to attend the performances which will take place **in the school's auditorium**.

8M will perform on Tuesday, **23rd May, lessons 1 and 2**.

8I will perform on Thursday, **25th May, lessons 1 and 2**.

We are looking forward to seeing you at the performances!

8I and 8M with Ms Mateja Kores

PROJECT – ACTIVE DAYS

This project is now in its seventh year. The point of this project is to motivate students to be more physically active. To successfully participate and complete this project, students have to be active for 100 days during the current school year. Parents have to sign their student's agenda and write what they did. Some students have already completed this project. Great job!

The deadline for the project is the end of May. Students have to hand in the completed chart to Mr Denis.

Mr Denis Divjak

1 M & 3 M SWIMMING COURSE IN ATLANTIS

Monday 22nd May 2023 – Friday 26th May 2023

We meet at **08:00** in your classroom. We will take school snack and board our bus at **08:20**.

Be on time! The swimming course will start at 09:00 and finish at 12:00.

Things to bring: small backpack, swimming costume/trunks, towel, hair dryer.

We should be back to school at around 12:30. Lunch and afternoon program will take place as usual.

Mr Denis Divjak

A THANK YOU NOTE

5M were treated to an invitation from the prominent expert in public speaking, Andreja Jernejčič. Upon arrival, at her beautiful premises in Ljubljana, we were welcomed with beverages and appetizers, to prepare us for learning about performing in front of an audience. First, Ms Jernejčič gave a richly informative presentation about public speaking, noting non-verbal communication, preparation, and knowledge as some key aspects. The students then practiced, using their newly acquired knowledge, and performed, in front of the camera, their opening lines for their PYP Exhibition speeches. Ms Jernejčič, then gave us the benefit of her insightful feedback, which was very encouraging for the students, and the teachers too. We would like to thank Ms Jernejčič for a warm, wonderful and informative morning, as well as for the goodie bag! Thank you!

Ms Tina Fürst
